Description			
<i>Provide a short description of the event and its activities.</i>			

The Local Festival in Valladolid of the Directed By Youth (D.B.Y) project was held on October 26, 2023 at the Espacio Joven Norte in Valladolid from 18:00h to 20:00h. Industrial design and "seen" installations make Espacio Joven Norte an urban place with a modern and attractive design for the young public. A place that inspires to create and promote graphic and visual arts and culture. The building consists of 2 floors for the use and enjoyment of young people. Thanks to their team, we were able to carry out the screening of short films in their auditorium.

One of our priorities was to make the space accessible to our young people, since the stage of the auditorium had a double height and we wanted our young people with disabilities to be able to go out and present their films. Espacio Joven Norte was in charge of providing ramps and accessible material for everyone. We had the participation of a technical team that was in charge of projecting the films as well as the lights and sounds.

The youth technicians adapted the room so that wheelchairs had enough space to be in the room and participate. We also brought a popcorn and refreshments cart so that everyone could enjoy a real film festival. At the entrance, all participants signed the attendance list, which was filled out by 79 people. The audience included various associations and NGOs from Spain and Ukraine.

At 18:00 the film festival began, where we screened the 10 films created during the film workshops held in July 2023. We began by introducing each film before the screening to explain the context and theme of the short films.

Afterwards, we held a Kahoot vote to choose the two winning short films. Our audience chose two clear winners: 'La verdad oculta' and 'Quién me lo diría'. Next, it was time for the awards. All participants received a clapperboard with their name and the name of their film and the participants of the two winning films also received a tripod to continue their film training.

The festival was very well received by the public and also by all the participants. Another prize for the winners was the possibility of coming with ASPAYM Castilla y León to Thessaloniki to the International Film Festival. Although it was very difficult to choose only one participant, we selected Asier Garcia Marin, for his involvement and collaboration in the project and in the cinema.
