Description			
<i>Provide a short description of the event and its activities.</i>			
<p>The film festival entitled “Hollywood, odia!” took place on 22.03.24 (Friday) at the Filmquartier in Vienna. It started at 18:00 and ended at 21:00.</p> <p>A total of 7 short films were shown, which were created during the DBY workshops.</p> <p>In addition to the short films by the young people, there were other offers: a popcorn machine, a red carpet, a photo booth, pizza and vegan/vegetarian snacks. At the request of our young participants and the young people who made the short films, the dress code was smart and elegant. The film posters for the short films were displayed in large format throughout the area.</p>			

On the one hand, the young people really enjoyed seeing their own short films on the big screen in front of a wider audience; on the other hand, it was also exciting for the adults - some of whom are youth workers - to see how short films can be integrated into youth work.

One of the young people - Elena - even spontaneously moderated her own short film in front of 75 visitors and briefly talked about the short film "Slendernills" (which was shown at the international film festival).

At the end of the event, the participants received movie vouchers and the film posters.
